

WORCESTER

PUBLIC SCHOOLS

Doherty Memorial High School (DMHS) in Worcester is pleased to announce a new partnership with Project Lead The Way (PLTW). Beginning in the Summer of 2026 DMHS will be a Summer instructor training location for 13 PLTW courses. A recent visit by PLTW to DMHS highlighted the new school and state of the art facilities, including the CH74 Engineering department, prompting this partnership. We are excited to begin this new adventure.
