

Best Practices & Innovations in CTE™ Conference

Making Waves — twenty years of leading Career Technical Education forward

September 21–23, 2026 | Sea Crest Beach Hotel | North Falmouth, Cape Cod

For two decades, the leaders shaping Career Technical Education have gathered in one room to share what actually works. **This September, that room is on the beach** — three days of proven practices, honest conversation, and the connections that move CTE forward.

The Right Room

Directors, administrators, and state leaders — the decision-makers driving CTE nationwide, all in one place.

Fireside Chats

Unscripted, up-close conversations with CTE leaders — the candid stories and hard-won lessons that never make it into a keynote.

Proven Practice, Not Theory

Best-practice sessions and practitioner-led roundtables built on strategies already working in real programs.

Signature Evenings

An exclusive oceanside Opening Reception, fire pits and s'mores on the beach, and Exhibitor After Dark.

Recognition & Scholarships

Home of the Dave Berryman Leadership Development Scholarship and the Gerald Paist Distinguished Service Award.

Stay Connected All Three Days

The Whova conference app puts the agenda, networking, and session materials in your pocket before you arrive.

**Reserve your place at the 20th
annual conference**

Often Duplicated, Never Replicated.
